Headline: **South Trade Street Update**

MATTHEWS, NC – On Monday, September 22, the Matthews Board of Commissioners will hear an update on the S. Trade St. Road Project. The board will hear discussion on how one of the Matthews Athletic and Recreation Association ball fields will have to be moved as part of the construction.

Staff will present information on the approximate cost of relocating the field near its current location. In order to not interfere with the Spring 2009 season work on the field will need to be finished by March 2009.

No other details of the project will be updated or discussed at Monday's meeting.

The road project includes expanding S. Trade St., from two lanes to four lanes, beginning at Fullwood Lane and ending at Weddington Road. The project is expected to begin in late 2009.
